²There is a special rule under the estate tax that allows the executor (the person in charge of the estate) to elect a different valuation date in certain cases. If the estate qualifies for this election, and the executor makes the election, the valuation date is six months after the date of death. The principal reason for making this election is to reduce the amount of estate tax that must be paid. But the election also has an effect on income tax, because it means you will now use the later date to determine your basis.

4. Cost Basis Information

The cost basis method that is currently on your account will be utilized to deplete the shares for this transaction unless you provide specific share lots below or choose another cost basis method. Should you wish to change your cost basis election, you can do so by completing Section 5 of the Shareholder Options Form or contacting a Shareholder Services representative for instructions at 800.344.1770.

A Medallion Signature Guarantee may be obtained from a bank, credit union, or brokerage firm (called the guarantor). A Notary Public cannot provide a Medallion Signature Guarantee. The guarantor assumes financial liability for the authenticity of the signature. Medallion Signature Guarantees must cover the amount of the requested transaction. There are several different surety bond amounts, so it is important to obtain a bond equal to or greater than the amount of your transaction(s). **If the surety bond amount of the medallion guarantee is less than the amount of your transaction(s), your request will be rejected.** Please note that a Notary Public stamp or seal is different from a Medallion Signature Guarantee and is not acceptable.
