The guarantor assumes financial liability for the authenticity of the signature. Medallion Signature Guarantees must cover the amount of the requested transaction. There are several different surety bond amounts, so it is important to obtain a bond equal to or greater than the amount of your transaction(s). **If the surety bond amount of the medallion guarantee is less than the amount of your transaction(s), your request will be rejected. Please note that a Notary Public stamp or seal is different from a Medallion Signature Guarantee and is not acceptable.**
